## Registration Page Validations:

The screenshot shows a web browser window with the address bar displaying `localhost:63342/Assignment/index.html#/register`. The page title is "Welcome to the page of Google Direction and Weather Services". Below the title is a blue navigation bar with "Login" and "Register" buttons. The main heading is "Registration Page". The registration form contains four fields: "First Name\*", "Last Name\*", "Email Address\*", and "Password\*". Each field has a validation error message below it: "Username is not matching the pattern" for both First and Last Name, and "please enter valid email address" for Email Address. The Password field is masked with asterisks. A "Register" button is located below the Password field. The Windows taskbar at the bottom shows the time as 6:25 AM.

## Storing in Local Storage:

The screenshot shows a web browser window with the address bar displaying `localhost63342/Assignment/index.html#/register`. The page title is "Welcome to the page of Google Direction and Weather Services". Below the title is a blue navigation bar with "Login" and "Register" buttons. The main content area is titled "Registration Page" and contains a form with the following fields:

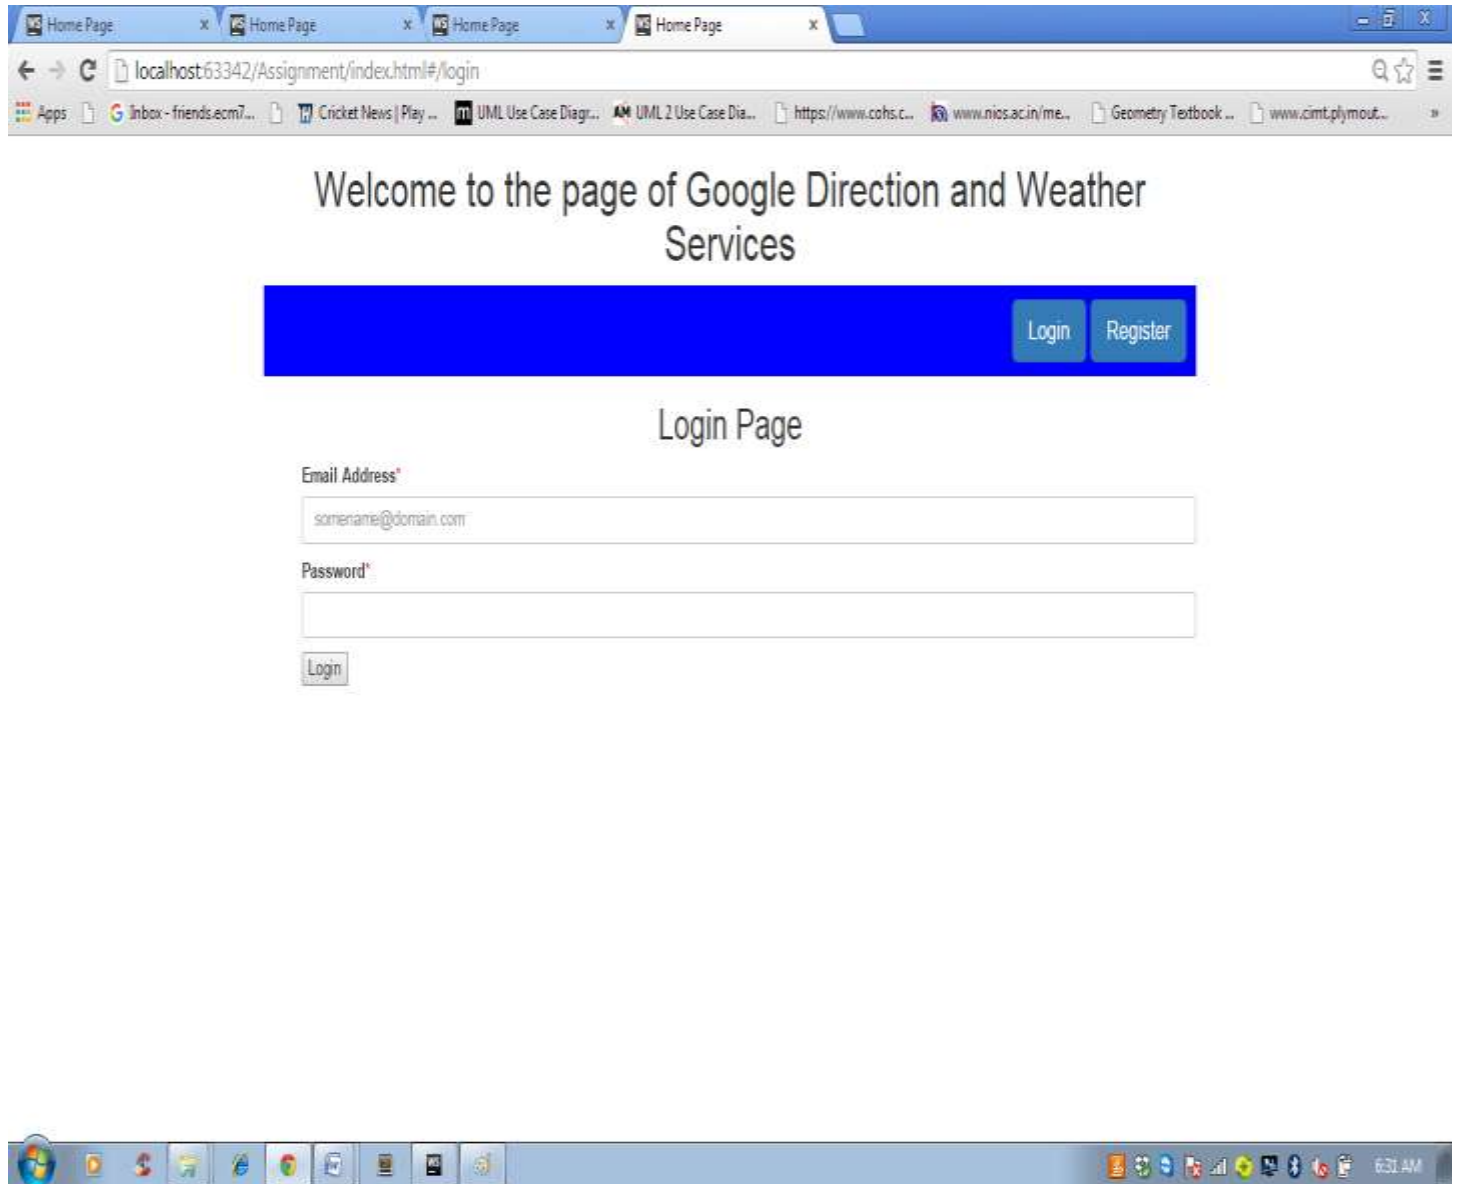

- First Name\*:
- Last Name\*:
- Email Address\*:
- Password\*:

Below the form is a "Register" button and a message: "Registration successful click [here](#) to login".

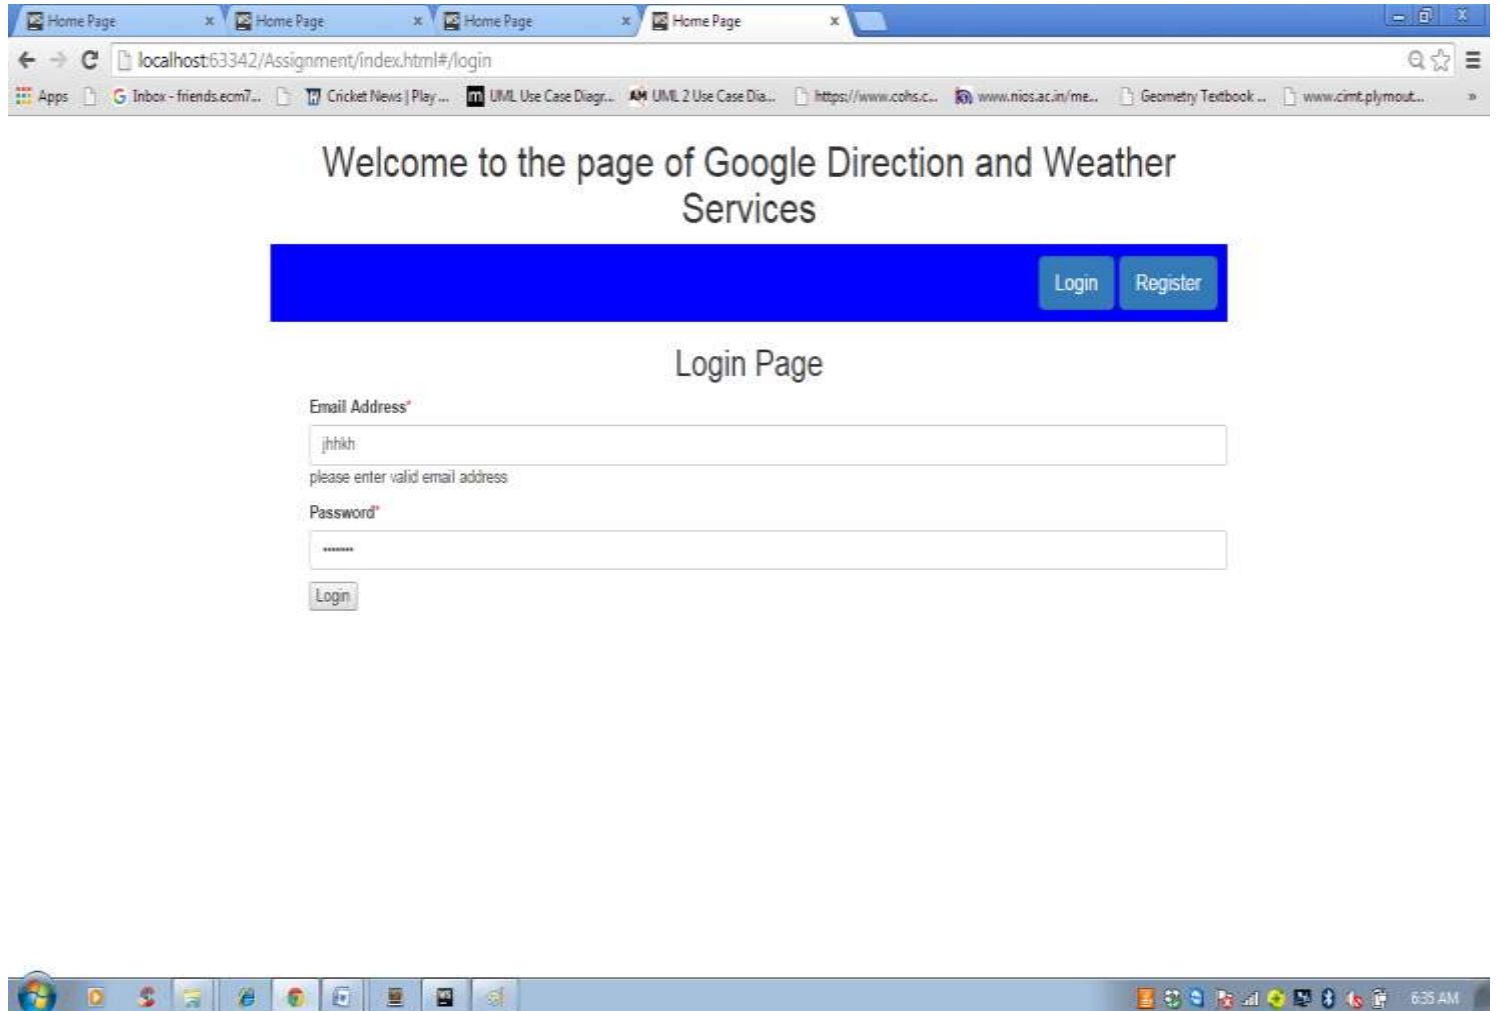

The bottom of the browser window shows the Chrome DevTools console. The "Resources" tab is active, showing a table of resources. The "Local Storage" section is expanded, showing a single entry with the key "Student\_details" and the value `[{"first_name": "Rajaramya", "last_name": "Janagama", "email_address": "reddyrjaramya4@gmail.com", "password": ""}]`.

Key	Value
Student_details	[{"first_name": "Rajaramya", "last_name": "Janagama", "email_address": "reddyrjaramya4@gmail.com", "password": ""}]
